

Grip water activated tape reinforced

	Spec		Method
Tape Width	60mm		In house method
Roll Length	45m		
Individual Tape Weight	0.402kg		
Core Weight	0.017kg		
Elongation	<6%		
Tensile Strength (TD)	> 8 kg/inch		
Tensile Strength (MD)	> 19.1 kg/inch		
Thickness	140µm +/- 5µm	120gsm	
Adhesive	Natural Starch Based		
Backing	Tri-way Scrim Reinforced Kraft Paper		
Bonding to Paper	Permanent		
Temperature Resistance	-30 °C to 80 °C		
Standard Colour	Brown & White	Kraft & White Kraft Up to 4 colour printing	
Product composition	<ul style="list-style-type: none"> - Kraft Paper sandwich Laminate - Cross Weave Reinforced Fibre Glass – for Transverse and Longitudinal Strength - Natural Remoistenable Gum 		
Storage	The product should be stored in a dry place out of direct sunlight at a temperature not greater than 25 °C and not less than 5 °C to maintain stability.		
Qty on pallet	720 rolls (16rolls/box) 45 boxes per pallet.
