Made with 80% of recycled paper
Top and bottom 42g/m2

It's recommended to store in clean and dry place. Damaged packaging shall be prevented. Not store with volatile solvent. The temperature storage shall be 4°C to 26°C and the humidity shall be between 40% and 50%. Rotate inventory recommended.

Used for two strip sealing cartons top and bottom. Works well on recycled cartons, and non-unitized loads.

Recommended for use on light weight to average cartons up to 24 pounds

Example of the velar pro 70x150mm:
